The Regulatory Authority

Our client, The Regulatory Authority (RA) is an organisation which has a wide range of responsibilities in electronic communication services and networks and spectrum management. The Regulatory Authority is responsible for promoting competition, for protecting consumers and for encouraging innovation. Working at the Regulatory Authority is not like any other job. The Regulatory Authority believes and invests in its people providing exposure to the latest technologies and developments in this sector. The Regulatory Authority is now inviting applications for the following:

Legal Advisor

You will be instrumental in providing legal advice and services in support of the regulatory function of the RA. This role involves dealing with inter-operator complaints and disputes processes, assisting and advising on the implementation and enforcement of competition law and other regulatory obligations emanating from the laws enforced by the RA.

You will prepare and edit consultation documents for feedback by stakeholders and provide legal input with regard to the collection of dues or failure to provide regulatory information by operators. You will also be required to provide general legal advice as well as participate in projects.

Experience and Qualifications:

- A law degree with preferably three to five years post-qualification experience
- Previous experience in legal drafting and coordinating with Government entities to convert drafts into Bills.
- Proven analytical and research skills
- Experience in the communications sector an asset

Market Analyst

You will be responsible for managing the core regulatory functions of the RA including Regulatory cost modeling, Numbering, Pricing, Market Operations and Licensing/ Authorisations and Enforcement.

This role is responsible for controlling and managing the action plans leading to the formulation and publication of well researched consultative papers on diverse regulatory issues.

Experience and Qualifications:

- A degree in Accounting, Economics, Marketing and/or MBA is preferable
- Proven analytical and research skills
- Demonstrated project management experience
- Telecommunications experience is preferable

To apply please send your resume to bdajobs@expertise.bm or apply online at www.BermudaJOBS.com.

All enquires will be dealt with in strict confidence.

Closing date: June 18, 2013
