

Policy on Requests for Numbering Range

The Regulatory Authority will consider any requests for numbering ranges subject to the following conditions:

1. Requests made to the Regulatory Authority (RA) should contain
 - information on exact numbering range(s) required,
 - reason why these numbers are needed
 - services being proposed with numbers being requested
 - number of proposed customers that will be serviced with these numbers
 - an accompanying Business Plan (can be marked confidential)

2. The name of the requester and numbers being requested will be posted on RA website www.rab.bm and other entities will have an opportunity to comment on if they so wish

3. The request will be evaluated by the Regulatory Authority, not before fifteen days of its posting on the website.
