

Notice of Request for Integrated Resource Plan Proposal

In the matter of the Electricity Act, 2016, as amended (the “**Act**”), and in accordance with section 40 of the Act, NOTICE IS HEREBY GIVEN that the Regulatory Authority (the “**Authority**”) hereby requests an Integrated Resource Plan (“**IRP**”) proposal (the “**IRP Proposal**”) from the Transmission, Distribution and Retail (“**TD&R**”) Licensee that complies with the requirements of this Notice, the Act and any administrative determinations.

The IRP Proposal shall cover a period of 3 years from the date that the Authority approves the IRP. The TD&R Licensee shall submit the IRP Proposal to the Authority by **15 February 2017**. The Authority may issue administrative determinations related to the IRP or the IRP Proposal.

The IRP Proposal shall include, at the minimum, the following in no particular order:

- Load forecast
- Existing resources and reliability
- Demand side management
- Supply options
- Environmental constraints
- Resource mix including need for new resources
- Integrated analysis
- Timeframe
- Risk Analysis

By order of The Regulatory Authority of Bermuda
17 November 2017
