The Licensee shall ensure that all such Personal Data are capable of being accessed by the Government of Bermuda in real time. The Authority may, with the approval of the Minister, waive this Condition in whole or in part if, and to the extent that, the Authority determines that:
- (a) appropriate inter-governmental arrangements are in place that provide the Government of Bermuda and the Authority with access to such Personal Data on the same terms and conditions and within the same timeframes as if such Personal Data were located in Bermuda; and
 - (b) a waiver would be in the public interest, not unduly discriminatory in respect of other similarly situated licensees, and consistent with requirements of Schedule 2 of the ECA.
- 7.5** The Licensee shall report planned and unplanned outages of the Electronic Communications Networks and Electronic Communications Services authorized by this Licence in accordance with any requirements established by the Authority.
- 7.6** The Licensee shall procure such insurance or post such performance bonds as the Authority may reasonably require to ensure that any works undertaken by the Licensee are completed and that any property abandoned by the Licensee or that has fallen into disrepair is removed from public property.

- (a) make available to Users, free of charge, access to the national three-digit number or numbers for emergency purposes from any fixed or mobile terminal connected to the Licensee's network, and provide any User possessing a fixed or mobile terminal or using a pay telephone with automatic access to the Licensee's network for the purpose of making emergency calls by means of the three-digit national number or numbers, without regard to whether such User is the Licensee's Subscriber;
- (b) to the extent technically feasible, provide Location Data for all calls to the national three-digit number or numbers for emergency purposes; and
- (c) comply with such technical and other requirements relating to the provision of emergency call services as the Authority may adopt.

- 9.4** The Licensee shall comply with any General Determinations made by the Authority in respect of the Numbering Plan and the allocation, reclamation, re-assignment, sale and use of Numbers.

10 NATIONAL SECURITY, EMERGENCIES AND LAW ENFORCEMENT

- 10.1** The Licensee shall cooperate with, and at the lawful Direction of the Governor, Minister or Authority shall provide assistance to, the relevant Government ministries responsible for national security and emergency services.

- 11.2** With regard to any market in which the Licensee has been determined to possess Significant Market Power, the Licensee shall comply with the following requirements unless they are specifically waived by an Administrative Determination of the Authority:

- (a) not to unduly discriminate in relation to the provision of Interconnection or Access, in particular, by applying equivalent conditions in equivalent circumstances to Other Licensees providing equivalent services, and providing them with services and information (including technical specifications and network-related information) under the same conditions and of the same quality as it provides for its own services or those of its Affiliates, subsidiaries or partners;
- (b) not to adopt any technical specifications that would unreasonably or unnecessarily obstruct or impede the ability of Other Licensees to interconnect with the Licensee's facilities or Access parts of the Licensee's network that are subject to Ex Ante Remedies imposed on the Licensee pursuant to Sections 23 and 24 of the ECA;
- (c) enter into an Interconnection agreement with an Other Licensee within 90 days of receipt of a reasonably detailed written request for Interconnection or within such other time frame as may be required by the Authority or any Ex Ante Remedy imposed on the Licensee by the Authority pursuant to Sections 23 and 24 of the ECA; provided, however, that the Licensee shall not be required to enter into an Interconnection agreement or provide Interconnection service if the Authority determines that Interconnection would be technically infeasible, could reasonably be expected materially to impair the quality of any of the Licensee's Electronic Communications Services, or would threaten the integrity, security or interoperability of the Licensee's Electronic Communications Network; and
- (d) not to unreasonably bundle services subject to ex ante price controls with any other services.

For purposes of Condition 11.2, "Access" shall have the meaning ascribed to it by Section 24(8) of the ECA.

12 PRIVACY OF COMMUNICATIONS

- 12.1** The Licensee shall take all reasonable measures to ensure the privacy of all Telecommunications.

- 13.4** The Licensee shall permit an End-User or Subscriber to inspect its records regarding Electronic Communications provided to that End-User or Subscriber and shall respond promptly to requests to correct or remove information that is shown to be incorrect, unless the Authority determines that such inspections or requests are unreasonable.
- 13.5** The Licensee shall disclose to End-Users and Subscribers, in a clear and transparent manner, the purpose for requesting or collecting any information about the End-User or Subscriber and may not use or maintain information about the End-User or Subscriber for any undisclosed purposes.
- 13.6** The Licensee shall take appropriate steps to transfer relevant Personal Data relating to End-Users or Subscribers to an Other Licensee that has been selected by an End-User or Subscriber, as the case may be, to replace the Licensee as the provider of an Electronic Communications Service where necessary to facilitate the change in providers, in accordance with any procedures that may be established by the Authority.
- 13.7** The Licensee shall not make use of any End-User or Subscriber information, network and traffic data, or any other information obtained from Other Licensees as a result of entering into Interconnection and other agreements with such Other Licensees, other than for the purpose for which such information and data were provided. The Licensee shall implement reasonable internal measures, including by limiting access to physical records, systems and processes where appropriate, to safeguard and maintain the confidentiality of any such data that is commercially or competitively sensitive.

14 CONSUMER PROTECTION

- 14.7** The Licensee shall provide Residential Subscribers and Small Business Subscribers, on request, and either at no extra charge or for a reasonable fee, a basic level of itemised billing. The Licensee shall ensure that each itemised bill contains a sufficient level of detail to allow the Subscriber to:
- (a) verify and control the charges incurred by the Subscriber in using the Licensee's Electronic Communications Services; and
 - (b) monitor the Subscriber's usage and expenditure and thereby exercise a reasonable degree of control over the Subscriber's bills.

The Licensee shall ensure that calls which are made from a Residential Subscriber's telephone which are free of charge, including calls to distress hotlines, are not included in the Subscriber's itemised bill. The requirements of this Condition shall not apply to Electronic Communications Services provided to Subscribers for a flat monthly or other periodic fee.

- 14.8** The Licensee shall not be obligated to comply with Condition 14.7 when:

- 14.13** The Licensee shall publish the details of measures it may generally take against Residential Subscribers and Small Business Subscribers to effect payment or disconnection in accordance with Condition 14.12 by:
- (a) placing such information on any relevant website operated by the Licensee or, if no such website exists, placing a copy of such information in every major office of the Licensee such that it is readily available for inspection free of charge by members of the general public during normal office hours; and
 - (b) sending a copy of such information or any appropriate parts of it to any Subscriber who requests such information.
- 14.14** The Licensee shall not make or cause to be made any claim or suggestion regarding the availability, price or quality of its Electronic Communications Networks or Electronic Communications Services or equipment or those of an Other Licensee if the Licensee knows or reasonably ought to know that the statement or claim is false or misleading.

- 14.15** Subject to any General Determinations, including codes of practice, made by the Authority pursuant to Section 26 of the ECA, the Licensee shall not engage in any Slamming activities and shall obtain each Subscriber's authorization and verification of the authorization prior to executing any change from an Other Licensee to the Licensee. Where the Authority prescribes any form or manner for verification of a Subscriber's authorization for the prevention of Slamming, the Licensee shall maintain records of verification in such a form or manner for a minimum period of 12 months.
- 14.16** The Licensee shall comply with such other determinations made by the Regulatory Authority to protect the interests of consumers pursuant to Part 5 of the ECA.

15 INFORMATION, AUDITS AND INSPECTION

22.2 In addition to events of force majeure, the Licensee shall notify the Authority of any fact or event likely to affect materially the Licensee's ability to comply with any Condition of this Licence, or an insolvency-related fact or event in respect of the Licensee or any Affiliate, or any preparatory steps being taken that might lead to an insolvency-related event, immediately upon becoming aware of such fact or event.

A1 SCOPE OF LICENCE; CHANGE OF OWNERSHIP; TRANSFER OF ASSETS

A1.1 Notwithstanding the provisions of Condition 3.1, the Licensee may not establish, construct or operate any Electronic Communications Networks or provide any Electronic Communications Services that were not authorized by the Licensee's pre-existing Public Telecommunications Licence as at the date of commencement of Part 12 of the ECA, pending a determination by the Authority whether:

- (b) the Licensee has failed to pay any fees due and payable under its pre-existing licence and, if so, until such time as the Authority determines that all amounts in arrears, including any applicable interest and penalties, have been paid in full to the Authority.

A1.2 Notwithstanding the provisions of Condition 20, the Licensee shall obtain the prior approval of the Authority, acting with the written consent of the Minister, for (i) any increase in the ownership of the shares, stocks or other securities or voting rights of, or (ii) any transfer of assets relating to the provision of Electronic Communications Services to, another ICOL holder in which the Licensee has a direct or indirect ownership interest, which has a direct or indirect ownership in the Licensee, or which is under common ownership with the Licensee:

- (a) until such time as the Authority determines that the Licensee does not possess Significant Market Power in one or more relevant markets; and
- (b) if the Authority determines that the Licensee possesses Significant Market Power in one or more relevant markets, until such time as the Authority determines that the Licensee has satisfactorily complied with any Ex Ante Remedies imposed on the Licensee by the Authority.

A2 COMPLIANCE

A2.1 The Licensee shall comply with the provisions of Sections 21 and 23A of the Telecommunications Act 1986, which are reproduced in Annex B, until the later of the following events:

- (a) the Authority determines that the Licensee does not possess Significant Market Power in one or more relevant markets; or

- (b) if the Authority determines that the Licensee possesses Significant Market Power, the Authority determines that the Licensee has complied with any Ex Ante Remedies imposed on the Licensee by the Authority.

For purposes of this Transitional Condition, references in Annex B to “Carrier” shall mean the Licensee and references to “the Commission,” “the Department” and “the Minister” shall mean the Authority.

A2.2 If the Licensee was designated as a Specified Carrier in the First Schedule of the Telecommunications Act 1986, the Licensee may not, without the prior written approval of the Authority, initiate new Electronic Communications Services or modify the tariffs or prices of Electronic Communications Services in effect as at the commencement date of the Licence, and shall otherwise comply with the provisions of Section 23 of the Telecommunications Act 1986, which is reproduced in Annex B, until the later of the following events:

- (a) the Authority determines that the Licensee does not possess Significant Market Power in one or more relevant markets; or
- (b) if the Authority determines that the Licensee possesses Significant Market Power, the Authority determines that the Licensee has complied with any Ex Ante Remedies imposed on the Licensee by the Authority.

Notwithstanding the foregoing, the Authority may eliminate the prior approval requirement for individual Electronic Communications Services provided by the Licensee.

For purposes of this Transitional Condition, references in Annex B to “Carrier” shall mean the Licensee, references to “the Commission” shall mean the Authority, and references to “Section 24” shall mean the Authority’s Administrative Rules.

A2.3 Until such time as the Authority makes a General Determination to the contrary, the Licensee shall:

- (a) not increase the rates for Wholesale termination of domestic and international calls on its Electronic Communications Network; and
- (b) if the Licensee has been assigned Numbers under the Numbering Plan, provide End-Users with Carrier Pre-selection for international calls.

A2.4 The Licensee shall comply with all statutory instruments, administrative determinations, authorizations and adjudicative decisions and orders or their equivalent that relate to Electronic Communications that were made or given effect in accordance with the Telecommunications Act 1986 and that were in operation as at the date of commencement of the ECA, until such time as their disposition is determined by the Minister or the Authority. Notwithstanding the foregoing, in the case of an irreconcilable conflict between the ECA and any such legal instruments, the Licensee shall comply with the requirements of the ECA.

A3 PAY TELEPHONES AND OPERATOR SERVICES

A3.1 The Licensee may provide Public Pay Telephone Service, provided, however, that the Licensee:

- (a) shall conspicuously post on or near each pay telephone:
 - (i) the charges, including surcharges, that will be incurred by Users for all domestic and international voice and data calls, including operator-assisted calls and access to toll-free numbers; and
 - (ii) the name, business address, email address and toll-free number of the Licensee;
- (b) may not knowingly charge for unanswered calls; and
- (c) shall immediately connect all calls to emergency services without charge.

If the Licensee is providing Pay Telephone Service as at the date of commencement of the ECA, the Licensee shall continue to provide such service until such time as the Authority approves the discontinuation of such service.

A3.2 The Licensee may provide Operator Services, provided, however, the Licensee:

- (a) shall identify itself to the User, verbally for voice calls and otherwise for non-voice calls, at the beginning of each call before the call is connected and billed;
- (b) shall provide a mechanism to inform the User of the price of each call, including any surcharges, before the call is connected and billed;
- (c) may not knowingly charge for unanswered calls; and
- (d) shall immediately connect all calls to emergency services without charge.

If the Licensee is providing Operator Services as at the date of commencement of the ECA, the Licensee shall continue to provide such service until such time as the Authority approves the discontinuation of such service.

A4 DIRECTORIES AND DIRECTORY ENQUIRY SERVICE

A4.1 The Licensee may publish Directories and provide Directory Enquiry Service, provided, however, that the Licensee shall provide Subscribers, including Subscribers of Other Licensees, with the option to be excluded from a Directory and Directory Enquiry Service; and provided further that if the Licensee obtains Subscriber data from Other Licensees pursuant to Transitional Condition A4.2 below, the Licensee may not use that data for any purpose other than providing Directories or Directory Enquiry Services.

A4.2 Subject to the requirements of Condition 13 of this Licence, the Licensee shall, at its own expense, maintain a complete and accurate database of its Subscribers' Numbers and make that data (including and clearly identifying Numbers that Subscribers have asked be excluded from Directories and Directory Enquiry Services) available to Other Licensees, designated by the Authority, that wish to provide Directories and Directory Enquiry Services on reasonable terms and conditions, in a format agreed between the Licensee and the Other Licensee requesting the data. Subscribers to mobile telephone services shall be presumed to have asked to be excluded from Directories and Directory Enquiry Services in the absence of written evidence to the contrary.

A5 PERSONNEL, FACILITIES AND SERVICES

A5.1 Until such time as the Authority makes a General Determination to the contrary, the Licensee shall maintain in Bermuda all of the personnel, Electronic Communications Network facilities, Associated Facilities and Associated Services relating to the provision of the Electronic Communications Services authorized by this Licence that were located in Bermuda as at the date of this Licence. The Authority may, with the approval of the Minister, waive this Transitional Condition in whole or in part if, and to the extent that, the Authority determines that:

- (a) there are insufficient human or other resources available in Bermuda to enable the Licensee to continue to comply with this Transitional Condition; or
- (b) continued compliance with this Transitional Condition would be economically impractical, deprive Bermuda of new and innovative services or result in higher prices for Bermudian consumers; and
- (c) a waiver would be in the public interest and not unduly discriminatory in respect of other similarly situated licensees.

A5.2 Until such time as the Authority makes a General Determination to the contrary, the Licensee shall provide the Authority with no less than 120 days advance notice, or such other notice as the Authority may determine, before employing outside of Bermuda any personnel, Electronic Communications Network facilities, Associated Facilities and Associated Services relating to the provision of the Electronic Communications Services authorized by this Licence.

A6 HDS-1 OBLIGATIONS

A6.1 *Net Neutrality Obligation.* The Licensee shall, in the provision of mobile broadband services using HDS Frequencies:

- (a) Ensure that End-Users and Subscribers have the right to access and use ICAS provided over the Internet, and to use Radio Apparatus of their choice, irrespective of the nature, origin or destination of the ICAS;
- (b) Not limit the exercise of the rights set forth in Transitional Condition A6.1(a) by agreement or by means of technical or commercial practices;
- (c) Not discriminate against or interfere with the routing or delivery of lawful Internet traffic on the basis of the sender or recipient, the type of ICAS accessed, used, distributed or provided, or the Radio Apparatus used;
- (d) Not block, throttle or otherwise impede any lawful Internet traffic unless such action is objectively justified for purposes of legitimate traffic management, and prior approval is obtained from the Authority on the basis of such justification; and
- (e) Ensure that its contracts with Subscribers provide full and effective transparency regarding its traffic management policies, volume limitations and any other lawful restrictions on the use of the Licensee's mobile broadband services.

A6.2 *Facilitation of MVNOs*

- (a) If requested by another ICOL holder, the Licensee shall provide the requesting ICOL holder with Wholesale mobile access and termination services that enable the requesting ICOL holder to provide the full range of mobile voice and data services to its End-Users and Subscribers on a resale basis, subject to reasonable terms and conditions, including:
 - (i) at the election of the requesting ICOL holder, the provision of a Wholesale mobile service on a white label resale basis or a capacity lease basis (including, in the latter case, arrangements allowing for the requesting ICOL holder to operate or use its own home location register, mobile switches and number range if so required);
 - (ii) terms and conditions that are no less favourable than those which the Licensee provides to its own affiliates, at speeds and service quality levels that are the same as those on offer to its own End-Users and Subscribers;
 - (iii) Wholesale prices which exclude any Retail sales, marketing or irrelevant general and administrative costs and, in the case of capacity arrangements, which reflect appropriate term and volume discounts, and subject to a rebuttable presumption that the effective Wholesale discount off the best Retail rates on offer for equivalent services provided by the Licensee (including the imputed Retail prices of mobile services that are part of any bundled retail offerings) shall be no less than 15 percent (unless

- the Licensee provides evidence to the Authority's satisfaction that a discount of other than 15 percent is justified); and
- (iv) the provision of adequate Wholesale support services, including but not limited to:
 - A. the timely disclosure of any technical network and billing information that is needed by the requesting ICOL holder to operate its MVNO services; and
 - B. ordering, provisioning, maintenance and repair services that are equivalent to those provided to the Licensee's own Retail operations in terms of price, quality and functionality; and
 - (v) no restrictions on the ability of the requesting ICOL holder to resell the agreed Wholesale mobile services to other ICOL holders.
- (b) The Licensee shall provide Wholesale mobile broadband access and termination services to at least two eligible ICOL holders on a first-come, first-served basis, if so requested. An eligible ICOL holder is an ICOL holder that:
- (i) is not affiliated with the Licensee in any way; or
 - (ii) has not itself been awarded any HDS-1 spectrum lots, unless the Authority determines that competition in the provision of high-speed mobile broadband services would otherwise be impeded, in which case such requesting ICOL holder shall be deemed to be the first requesting ICOL holder, without regard to the order in which requests for mobile access are received by the Licensee.
- (c) The Licensee shall promptly commence negotiations following receipt of a reasonably detailed request for the provision of Wholesale mobile services, a copy of which shall be submitted to the Authority by the requesting ICOL holder. The Licensee shall carry out the negotiations in good faith, in accordance with an agreed timetable.
- (i) If the requesting ICOL holder is unable to reach agreement with the Licensee on reasonable terms and conditions within 60 calendar days following the date on which the requesting ICOL holder submits its request to the Licensee, the requesting ICOL holder may refer the matter (or any unresolved issues) to the Authority.
 - (ii) The Authority shall have the discretion to impose mandatory interim terms and conditions on the Licensee after conferring with both parties, and these interim terms and conditions shall remain in full force and effect until a definitive agreement is reached

between the parties or the relevant terms and conditions are determined by the Authority.

A6.3 *No Impairment Obligation*

- (a) Prior to Thursday, 25 November 2021, neither the Licensee nor any ICOL holder affiliated with the Licensee nor any of their Controlling Interest Holders may sell, alienate, or divest a direct or indirect ownership interest in, or effectuate a change of direct or indirect control in respect of any legal entity, business or significant group of assets pertaining to any Fixed Line Business or Mobile Business which the Licensee or any affiliated ICOL holder owns or controls; nor may the Licensee nor any affiliated ICOL holder transfer the associated HDS-1 Licence to a third party, unless the Licensee and/or the associated ICOL holder, as the case may be:
 - (i) convincingly demonstrates to the Authority that the Licensee's ability to meet the applicable Geographic Coverage and Minimum Quality of Service Obligations for superfast mobile broadband, along with associated capacity needs, will not thereby be impaired; and
 - (II) obtains the prior written consent of the Authority, which shall not be unreasonably withheld.
- (ii) The obligations set out in this Transitional Condition A6.3 are without prejudice to the powers and responsibilities of the Authority and the Minister under this Licence, Section 87 of the RAA, and Sections 18(6) and 18(7) of the ECA.
