RA PRESS RELEASE – FOR IMMEDIATE RELEASE

**THE REGULATORY AUTHORITY APPROVES FIBREWIRE BROADBAND TRIAL
FOR ONE COMMUNICATIONS**

The Regulatory Authority (the Authority) has given approval for One Communications to immediately commence a technical trial of its FibreWire broadband services to a small sample of its current customer base.

The Authority has specified various parameters for the trial to ensure it is consistent with various regulations, as well as the Authority's remit to protect consumer interests and promote competition.

The details of the trial are confidential. Households eligible for the trial will be contacted by the company directly to seek consent for their participation.
